## A Walk Through Time

Take a walk through time with us as we remember our history through photos, stories, and historical records. Did your ancestors walk the streets of Vandalia? Or are you the first generation of your family to live here? In 1994 Vandalia celebrated 175 years. The twenty - five years since then have seen many changes: new people, new businesses, a renewed Gallatin Street. Come take a walk through these pages with us and see!
