BUSINESS LICENSES AND  
REGULATIONS AT SECTION

A motion was made by Hobler and seconded by Crawford approving Ordinance #2016-12-5-A, Amending The Vandalia Municipal Code At Title V Business Licenses And Regulations At Section 5.08.270 Class T Licenses.

This ordinance will allow current liquor license holders to cater events within the city limits of Vandalia at locations other than their place of business.

This will change the city's Class T liquor licenses by omitting a subsection in the current code that stipulates how many licenses may be held for a certain location. As the code reads now, the code capped off the liquor license allowances to two per year for a certain location.

The amendment will allow license holders and owners of the properties that host off-site events to jointly apply for the Class T licenses multiple times per calendar year.

City Attorney Connor said the council could put forth a special events license but instead, this action on a license that was already in place and hardly used because of the limited restriction.

**COUNCIL CONCERNS:**

City Attorney Connor said that any effort to address the issue would have to be directed toward health and safety. So, it would be directed at the stability of the wall rather than the appearance of the wall. The city can regulate anything that's related to health & safety.

Lester said that he would like to see if the city can come up with a way to address this kind of situation as it arises.
